# INTRODUCTION

## WASHINGTON STATE COMMISSION ON ASIAN PACIFIC AMERICAN AFFAIRS (CAPAA)

The Commission on Asian Pacific American Affairs is a state agency with an advisory board of 12 commissioners who are appointed by the governor to be a voice for Washington's diverse Asian Pacific American communities.

Our mission is to improve the lives of Asian Pacific Americans in Washington State by ensuring access to participation in the fields of government, business, education and other areas.

The U.S. Census Bureau conducts the annual American Community Survey (ACS) and decennial Census to help inform political representation, local funding for infrastructure projects and resource allocations for programs such as school lunch, CHIP (Children's Health Insurance Program), Medicare/Medicaid and more.

CAPAA partnered with KAYA strategik, LLC - a WMBE providing equitable strategy, implementation and engagement services to conduct data research and analysis on the latest (ACS 2019) Asian, Native Hawaiian and Pacific Islander demographic trends in Washington State.

### **A. Summary Analysis of ANHPI Community Demography**

As of 2019, the ANHPI (alone or in combination) community comprises approximately 12.3% of the total WA state population with NHPI's at 1.3% and Asians at 11%. Most ANHPI women and men fall within the 35-64 age category.

Vietnamese, Korean, Khmer-Cambodian and Chinese communities have higher rates of limited English proficiency while South Asian Indian communities including those that speak Hindi, Urdu and Gujarati tend towards having higher rates of speaking English "very well".

Native Hawaiian and Pacific Islanders have the lowest pay averages and education outcomes (least to have Bachelors degree or higher at 12.9%), particularly in comparison to Asians and Whites.

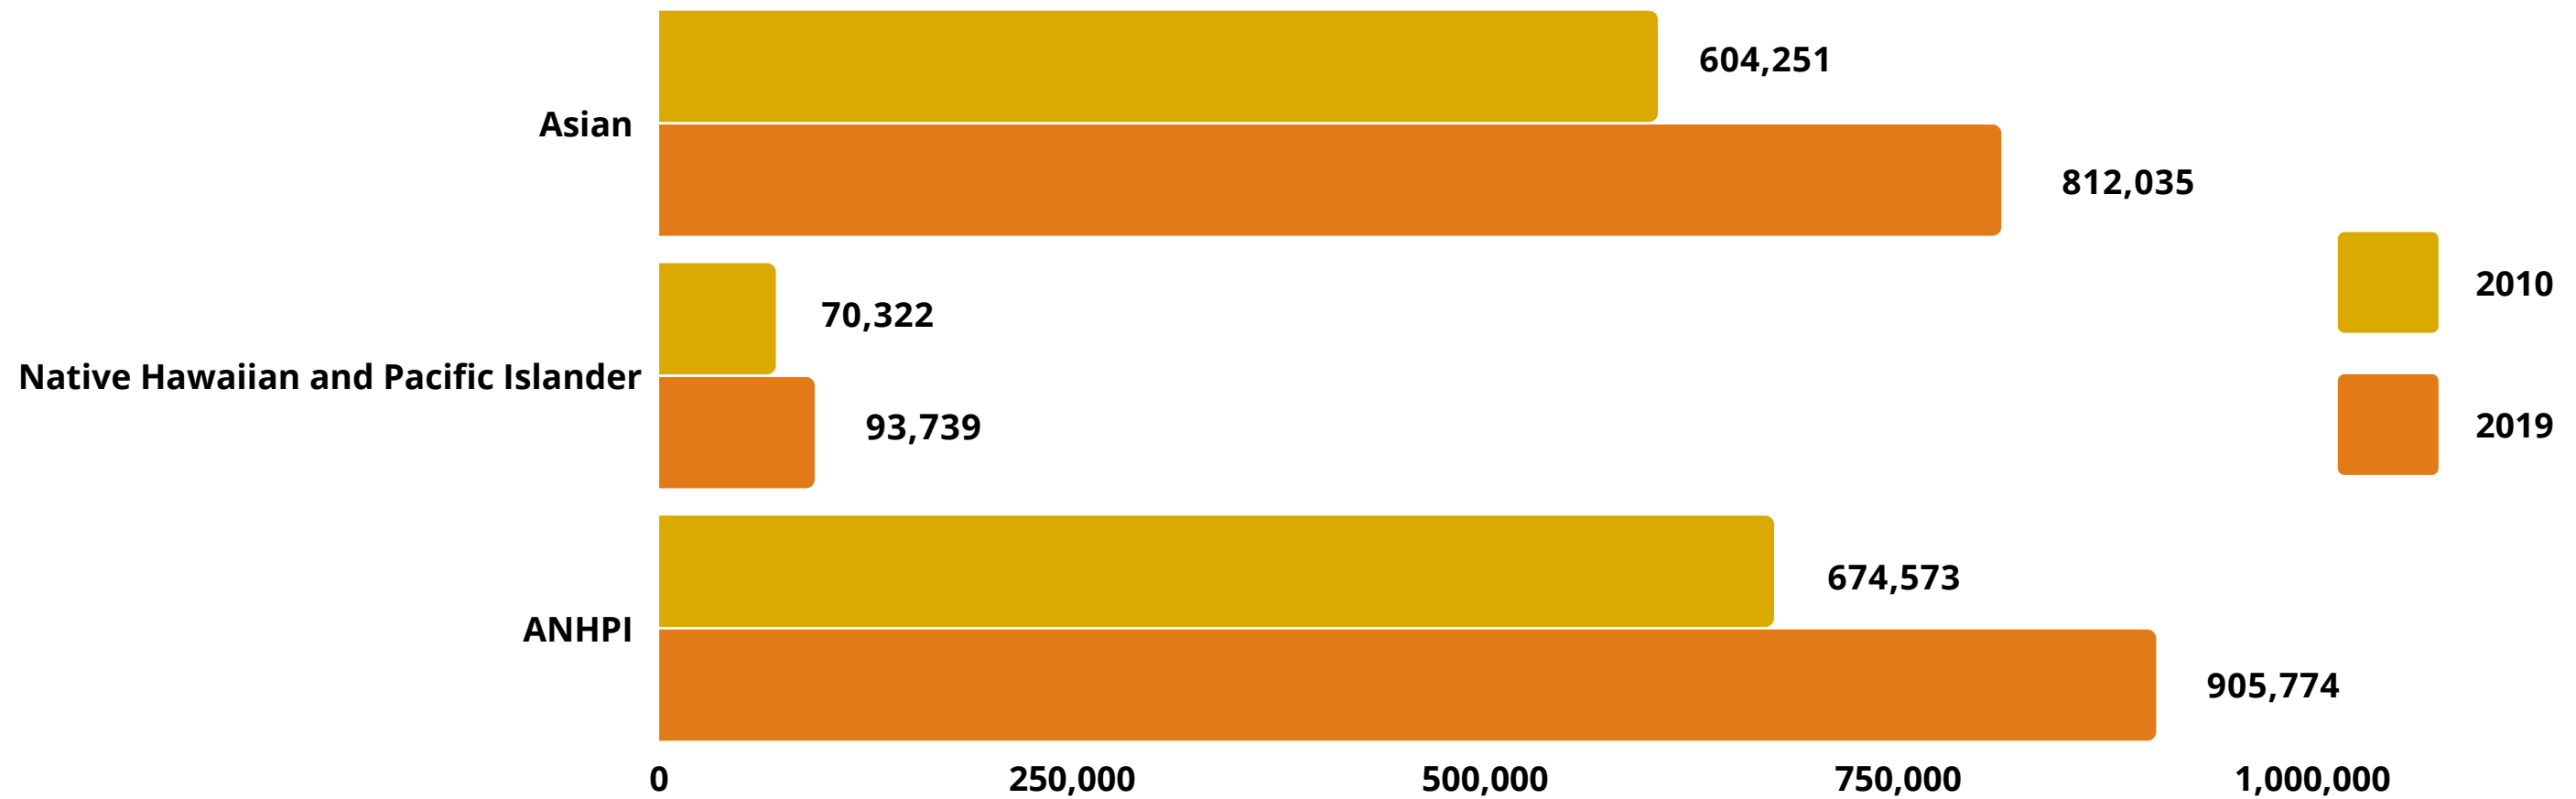

The majority of NHPI populations are located in King (16,944), Pierce (12,848), Snohomish (4,197), Clark (3,751) and Spokane (2,799) counties. The significant opportunities for NHPI voter education, registration and citizenship opportunities are similarly in these counties in addition to Thurston, Whatcom and Kitsap counties.

The majority of Asian populations are located in King (386,404), Snohomish (86,121), Pierce (55,571), Clark (21,752) and Thurston (15,832) counties. The significant opportunities for Asian voter education, registration and citizenship opportunities are similarly in these counties in addition to Kitsap, Whatcom, Spokane and Whitman counties.
